

Engineered for multi-brand headset compatibility, maximum safety, durability and unsurpassed sound clarity.

Features the following specifications:

- Universal compatibility with Chameleon, GN Netcom, or Plantronics H series headsets with our exclusive Audio Clarity Technology™ (ACT) for premium sound performance.
- Transmit / microphone sensitivity control that renders a full-spectrum *Live* voice delivery for the user.
- Silent push button *locking* mute switch for on the side conversation without the other party knowing the mute feature has been activated.
- Built in recording jack for recoding both sides of any conversation and modular headset connections on both sides of the amplifier.

* Line powered / Requires no external power source

**The 3002 is backed by a No Questions Asked,
abuse or accident, 3-year warranty.**
