3004 Odyssey IV™

Headset Telephone with Keypad Dialer

The 3004 Odyssey IV™ PBX compatible headset telephone with keypad dialer. The Chameleon Odyssey IV™ is the latest in a long line of innovative and feature-rich industry grade call center and telemarketing products. The Odyssey IV™ is quickly proving to be the headset phone of choice for today's expanding telemarketing industry. Ideal for professionals, entrepreneurs, and home users alike!

Features the following specifications:

- Universal compatibility with ALL single-line analog ports via PBX, Centrex systems, modem with auto dialing software or POTS line. Ideal for Predictive Dialer applications.
- Industry *exclusive* customer adjustable microphone, transmit sensitivity control that is very ideal in high noise, high volume call centers where ambient room noise can cause call through-put statistics to be lower than acceptable standards.
- Incoming digital volume control and mute switch function.
- Built-in supervisor jack for agent/supervisor training

*Line powered / requires no external power source

Chameleon Odyssey telephones are backed by a three-year UNCONDITIONAL warranty.
