The 2003 Convertible call center grade headset is the best choice headset for companies whose employees are as diverse as the headset styles they request. Engineered and manufactured for maximum comfort, versatility, unsurpassed sound clarity and custom Voice Trap™ noise cancelling microphone for virtually any direct connect telephone where no external headset amplifier is required.

\* Excluding Cisco and AT&T Call Master V/V1

## All Chameleon "Direct Connect" Headset Models feature:

- Digital speaker(s) (150 ohm) with a neodymium magnet, 105 SPL +/- 3dB, Freq. Response Curve of 70 Hz - 5 KHz, and exclusive Audio Clarity Technology™ (ACT) with Acoustic Shock Protection for optimum safety, premium sound performance and all-day wearing comfort,
- Voice Trap™ noise cancelling microphone and housing (-51 dB +/- 3dB sensitivity) - traps only human voice rejecting all other noise and renders a full spectrum "Live" voice delivery for the user.
- The industry's best and most reliable patent pending Rapid Release™ Connector featuring spring loaded gold plated contact pins and nylon embedded ABS housing that has been tested and guaranteed to withstand over 20,000 plug/unplug cycles.
- A 280° rotating Metal Flex™ microphone boom with the industry's highest rated microphone boom ratchet to insure consistent placement of the microphone for the entire life of the headset.
- Polycarbonate shell for maximum strength and reliability for the life of the headset.
- Two year "No Questions Asked" warranty.
- Headsets come standard with coiled Rapid Release compatibility cord for direct connect telephone models w/ standard headset installation as shown above.
- No amplifier or switchbox needed.
