

DuoPro™

Telephone Headset Family

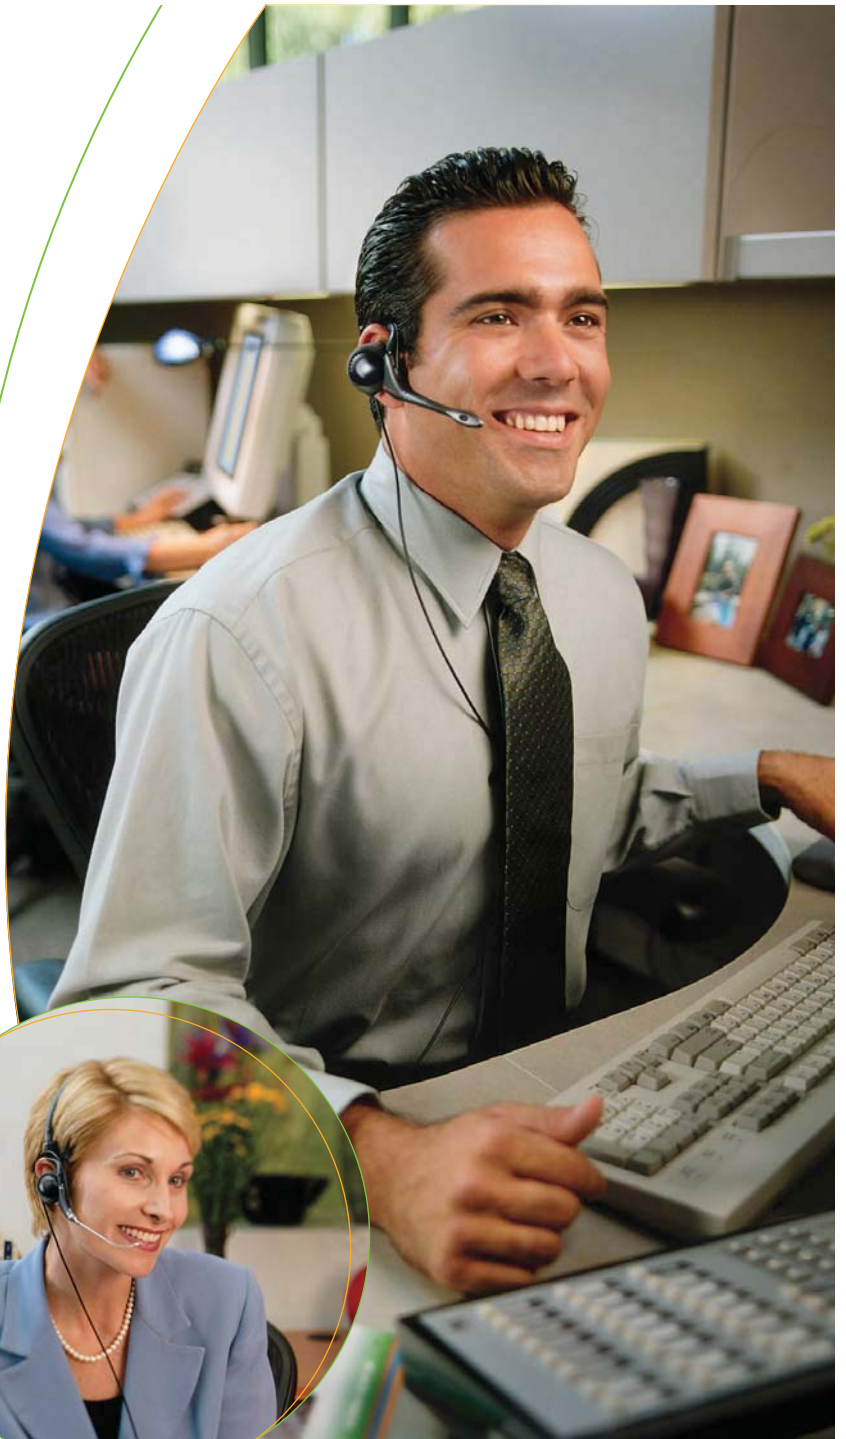

The Most Versatile Headsets Ever Made

Superior sound quality and breakthrough ergonomics make these headsets best in class

Introducing the most versatile and comfortable headsets ever made! Innovatively designed in over-the-head, over-the-ear and convertible configurations, the new Plantronics® DuoPro headsets offer all-day comfort and best-in-class audio performance.

The breakthrough double T-pad headband and ergonomic earloop mean there's never a speaker pad pressing on your ear. DuoPro headsets are available with either the Plantronics trademark voice tube or a noise-canceling microphone that includes an innovative anti-twist boom for perfect placement every time. Never again will you experience voice fade from an improperly placed microphone.

DuoPro headsets feature advanced speaker technology for optimal voice clarity. Stylish, lightweight and durable enough for everyday wear, they're backed by a two-year warranty.

KEY FEATURES

Choice: Offered in three models; over-the-head, over-the-ear and convertible. Each model is available in noise-canceling microphone and voice tube versions.

Sound quality: Leading-edge microphone and speaker technology combine to give you best-in-class performance, making sure your calls are clear and intelligible.

Fit and comfort: Breakthrough ergonomic design means comfortable, all-day wearing, no matter which configuration you choose.

Durability: Constructed to Plantronics high standards of durability and backed by a two-year warranty.

Attractive design: Industrial strength ruggedness in a sleek and stylish design.

PLANTRONICS
World Leader in Communications Headsets

DuoPro™

Telephone Headset Family
